2021 MINDS MATTER CELEBRATE

If you're reading this, we know you are a generous person. You give your time, your money, and your heart to causes that matter. In fact, you've probably already spent time thinking about education and child poverty in Colorado.

What you may not know is that **only 1 in 4 low-income Colorado kids** will go to a four-year college. This lack of access to higher education propagates an intergenerational cycle of poverty, a cycle that continues to hurt all Coloradans. Especially when college graduates make twice as much over their lifetimes (often over \$1,000,000!) as high school graduates.

If you find this shocking and unfair, we agree. At **Minds Matter Colorado**, we believe driven and determined students should succeed and income shouldn't matter.

The good news is there's a way for these deserving students to get into and pay for college, and break the intergenerational cycle of poverty.

Minds Matter Colorado has:

- ~ Guided **hundreds** of students into college,
- ~ Helped **thousands** of volunteers make a difference, and
- ~ Avoided **millions** of dollars in student loans for our graduates.

And...

100% of Minds Matter Colorado graduates have graduated high school on time.

100% of Minds Matter Colorado graduates have attended a college-based summer program

100% of Minds Matter Colorado graduates have gotten into a four-year college or university

100% of Minds Matter Colorado graduates have earned scholarships

If this inspires you, join us and help our small but mighty (99% volunteer!) team scale up a proven, 100% successful model across the state, so that we can meet our 10-year vision and **provide access to Minds Matter to every student, corner-to-corner across Colorado.**

Email our CEO Savinay [here](#) or call him at 720-663-7297 to learn more about sponsorships for **Minds Matter CELEBRATE** and find out other ways you can help our students achieve the success they deserve.
