"CELEBRATING" 20 YEARS OF SUPPORTING COLORADO STUDENTS

Your support of CELEBRATE and Minds Matter Colorado will sustain our mission and commitment to giving every student access to the **people** (mentors), **preparation** (Monday night sessions), and **possibilities** (summer programming, scholarship help, etc.) to succeed in college, create their future, and change the world.

WHAT YOU CAN EXPECT FROM THIS YEAR'S EVENT:

- Reflecting on the past 20 years and CELEBRATING what the future has in store
- Inspirational student speeches
- Joyous college acceptances
- Beautiful crafted dining + cocktail experiences
- Opportunities to connect with fellow attendees, partners, mentors, volunteers and MMCO staff
- Energizing ways to get involved

Did you know that only 1 in 4 low-income Colorado kids will go to a four-year college?

This lack of access to higher education propagates an intergenerational cycle of poverty, a cycle that continues to hurt all Coloradans. The good news is there's a way for these deserving students to get into and pay for college, and break the intergenerational cycle of poverty.

Minds Matter Colorado is working to improve the educational inequities in our state and support driven and determined students on their paths to success.
